THRILLS OF THE TURF IN AUSTRALIA.

Melbourne, and if you can pack another hundred in sideways, you'll get a testimonial from the Bookies. They're betting in style. and talking of style the favourite carries a hundred pounds on her back. That's about twenty guineas worth. But away from beauty and back to business. There are twenty five starters for the Caulfield Cup. And they're racing. Twenty five horses thunder down the straight....most of them manoeuvring to grab the coveted position on the rail. And past the stands the first time.... in the lead is last year's winner BUZALONG... But there are plenty of others.... and they're all going superbly.

Along the back stretch into the lead jumps DIAPHANE.... and in eighth place there's also a little horse called RIVETTE...and RIVETTE is moving up.

Hang on to your bag GWENNIE.... that tote ticker cost 5/-.... and all the girls have an interest.

And now they're rearing to the finnish and RIVETTE is flying.... yes.... its number 20... RIVETTE.

Gosh Gwennie do you think we might get a hundred pounds....

er just our money back. And what do you mean

letting a fortune slip out of your hand like that.

What a cup for the owner to keep on the sideboard. And what a horse to keep in his back yard.
