Scots "Over There"

They don't wear the Kilt when they're in France
but it takes more than that to stop the news getting around...
that the highlanders have arrived.

They're taking over a village from their French comrades... and you
can tell they come from a tough land by the way they get to
work. As I said by the way they get to work.

And now that the day's work is over what are we going to do about
it? It's cold and muddy but didn't I tell you ^{1:1}~~2:2~~ they're
Scotsmen.

So now you know they're over there you don't have to worry
about the war any more.
