PRESIDENT ROOSEVELT MEETS MR. MACKENZIE KING.

After his great victory in the election....Canada's Prime Minister is on holiday in the U.S. And with his old friend President Roosevelt, he visits Warm Springs.... the famous home for victims of Infantile Paralysis. Mr. Mackenzie King greets ~~xxxxxxx~~ some of the Canadian patients. It was here that President Roosevelt was cured of the disease that threatened to wreck his career. So its natural that he should keep a special corner in his heart for Warm Springs. And it would seem that Mr. Mackenzie King has also fallen in love with this beauty spot of the new world.
