

EARL OF ATHLONE VISITS CANADIAN TROOPS.

The Earl of Athlone will soon be going to Canada as Governor General. Today, with Princess Alide Countess of Athlone, he visits units of the Canadian Active Service Force, training in Britain.

Among the regiments inspected by the Earl are the forty eighth Highlanders of Canada... men of Scottish descent, who have come to play their part in defence of the freedom of the Empire.

And they're proud to be the first to greet their future Governor General.
