ANZAC DAY IN AUSTRALIA.

There is one day in the Australian Calander....that is never forgotten.
When a Nation remembers its heroes of the past.....when the Diggers march again.

Twenty five years ago...on the shell torn slopes of Gallipoli....they
made their countrymen a nation...and they are not alone....Invisible Armies
march with this brotherhood.....the Armies of Australia who fell in battle.
In honour of those Comrades.....Sydney pays tribute.

But memories of the past mingle with determination for the future....
with the news that the second Contingent of the A.I.F. has landed in Egypt.
Listen to our Australian commentator:

AUSTRALIAN VOICE.

Now a new A.I.F answers the Nation's call....young Australia in the
power and the glory of its manhood.....and so it dedicates itself.
"Take up your Quarrel with the Foe. To you from failing hands we throw
the torch: Be yours to hold it high".
