S.S. PRESIDENT ROOSEVELT SAILS FOR U.S.A.

There's happiness in the hearts of nearly a thousand Americans, when a U.S. Liner arrives at Galway in Ireland, to take them back home.

Since the outbreak of war, no U.S. Ships have entered British Waters. But this is an exception so that all those who want to get away from the War, can leave now.

Many Americans are staying behind, to help Britain in her battle for freedom. But ~~it~~ these are heading for home ;

The President Roosevelt will sail fully lighted at night.

She carries enormous lettering on her side. May she have a safe journey.
