### MOTOR CYCLISTS ANSWER THE CALL.

Hundreds of motor cyclists turn up in response to the call of the Chief Constable of Cheshire. He called for volunteers for work of National importance. That's all they knew when they arrived - but when the scheme was divulged to them - they approved, to a man! In an emergency the telephone and telegraph services may fail - and these chaps will carry vital messages for the authorities.

They sign on eagerly - anxious to do their bit for the greatest cause of all. Each adopts for his or her slogan "It all depends on ME!"
