THE KING WITH THE SERVICES.

No one is in closer touch with the Navy, Army and Air Force, than the King, and, at a Naval Base, His Majesty meets some of the Officers and men who are ever ready for all eventualities.

Despite an air raid warning which was sounded during the rour of inspection, it dedn't deter His Majesty from completing his visit.

Later, in the London Area, the King inspects the Welsh Guards engaged in field ~~exercises~~ exercises and various phases of Military activity.

Among the men he sees at work are many veterans who had already been active service.
