VETERAN CAR RALLY

Home James and don't spare the horses. It's fifteen miles we're travelling from Adelaide to Glenelg in this veteran car rally. Tyre trouble? Try our repair system, cuts tyre repair bills in half. Trouble with these is that they refuse to walk home. Yes, it's a flashback to the past and the dear old days, when our fathers wore moustaches like handlebars and developed muscles like heavyweight wrestlers, pushing the old bus home. Here's Mrs. Doily in her nippy three wheeled Phoenix, a Phoenix just risen from the ashes by the look of it. Alright, laugh at the old timers, but remember nobody talked petrol rationing to them.
