TRAINING A TANK UNIT.

Tanks are more than ever an important part of our army, and a visit to an Officer-Cadets Training Unit proves that the course is a very thorough one. You can't just say 'I'm going to drive a tank', and drive one. You have to learn, and, believe me you wouldn't be trusted in one of these land-ships until you are expert. Today they're "raising a dust" all through the countryside, and when tanks start raising a dust it's time for your commentator to retire.
