COCKTAILS A LA MOLOTOV.

A Barricade bars the way to a phoney Nazi Tank all
delled up for the benefit of Home Guardsmen armed with highly
volatile "Molotov Cocktails".

As the driver "Scarpers" out of the way, cocktails are served
with plenty of gusto.

Somebody painted the Swastika the other way round, but what
does it matter; by the time we've finished with old "Nasty" it
won't mean a darn thing anyway.
