EPIC STORY OF A SUBMARINE.

Another achievement as thrilling as fiction!

His Majesty's submarine SEA LION returns to its base for repairs. After sinking a 3000 ton store ship, SEA LION attacked a U Boat and later got alongside a German Convoy. She had her periscope smashed when a German vessel tried to ram her as she submerged. Commander Ben Bryant, Chief Petty Officer Clarke and Leading Seaman Denzey, by conspicuous gallantry enabled their submarine to reach port.
