SOUTH AFRICA'S DAY OF PRAYER

A day of big open-air gathering dedicated to a common cause and testifying to a belief in divine intercession. The service is attended by over ten thousand people, a mass demonstration to a creed that holds aloft the beacon of liberty. They have come together to combat the forces of evil in an age of violence and oppression. They are the vanguard of a crusade that may well be the greatest in the history of mankind. To their prayers we add ours for its achievement.
