WHIRL OF NEW YORK

Here's something straight off the ice. A skating carnival in New York and are they hot. It's staged for the benefit of society folk who would shine this winter and swank on the local lake. The experts say it's easy when you've tumbled it. If the seats of the flighty are a bit tender it will be worth it when their friends say "ain't that cute" or whatever it is they say over there. Dorothy and Hazel are the tops and I don't mean maybe. Well you can say what you like, there's more in this than meets the "ice".
