U.S. ARMY DAY PARADE

At Camp Ward, California, the United States Army shows off its paces in a fine spectacle of speed and efficiency. It's a big day of manoeuvres. Famous and historic regiments pass in review. Infantry as well as old style cavalry regiments swing past. Then the 75's machine guns and howitzers go into action. Light tank attachments launch a whirlwind attack on the supposed enemy. The mechanised might of the United States booms out its message of preparedness.
