**MANCHESTER CAN TAKE IT.**

Despite the Blitz, Manchester puts on its usual Circus, with the Garland Horses making a brave show under the Big Top. The audience gets a big thrill too from the trapeze artists "THE CANADIAN WONDERS". It takes more than a maniac with a door mat under his nose to stop Manchester's fun. Wild excitement breaks out as Captain Tommy Kayes faces death in the lion's cage.

He can't stay in his seat any longer - the lions have got him. Not Tommy Kayes, he's trained those lions since their father became a hearth rug.

A great show - Manchester can certainly take it.
