

MORE HONOURS FOR R.A.F.

The Polish Premier and Commander in Chief, honours three British Pilots (Squadron Leaders Forbes, Kent and Kellett) with the Polish equivalent of our V.C. the Virtuti Militari. The Investiture by General Sikorski is just a little embarrassing as the Premier kisses each man in the customary Polish manner. The decorations are for deeds of highest gallantry as leaders of Polish Squadrons.

In a hangar at an East Anglian Fighter Station the King decorates 25 Officers and men of the R.A.F. The Queen is present at the Investiture. Wing Commander Beamish receives the D.F.C. Flight Lieutenant Allard a bar to the D.F.M. and also the D.F.C. and Flight ~~Lieutenant~~ Sergeant Harden the B.E.M. Most of these men are already holders of other decorations. How can we on the Home Front recognise their bravery and back them up better ~~in any other way~~ than by redoubling our efforts for Home Defence.
