QUEEN OF THE ICE

One of the skating thrills of the season in New York City is the ice ballet headed by the incomparable Sonja Henie with her partner Harrison Thompson. As you watch their graceful performance can you wonder that she is the figure skating champion of the world. This is Sonja, the Norwegian ballerina, who is three times an Olympic winner. Her art has been described as the eighth wonder of the world. Well, they didn't skate like this in grandma's day, which might have been just as well for grandpa - but what a superb finale.
