U-BOAT PRISONERS
.....

U-Boats are not having it all their own way, as these pictures prove. Fritz, with a number of his companions-in-crime, makes the acquaintance of a British Sergeant; and doesn't appear to like it. None says "Good old Sergeant". They're ~~xxxx~~ on their way to a place of safe-keeping for the duration.

We also show the contents of another tin !
A further consignment of under-sea rats, caught in the act of attempting to foul the life-line of our Island Fortress.

Herr Hans, Herr Carl and Herr Fumph - they're all here ! Jugged Herrs, in fact.

...
