AUSTRALIA'S BEAUTY QUEEN

50,000 people come to watch the crowning of Miss Jessie Wright Victoria's Queen of Industry, in a big drive for the Red Cross. Left, right, left, right, pick 'em up there girls. Miss Wright won the honour with over two million votes to spare. Famous singer Stella Wilson is Queen of what is called the Pimman Products. It's all very regal and dignified, a fitting climax to a great civic week. Gentlemen, the Queen, and crowning her is one of the Lord Mayor's most pleasant duties. A thousand pigeons take wing to celebrate the occasion, they're homers and that's where they would like to be. Her Majesty is just a little home girl too.
