FAIR FOR WAR FUND.

Field Marshal Smuts arrives to open the Benoni Fair, in aid of the Governor-General's National War Fund. South Africa's beloved Prime Minister, who incidentally, still clings to his time honoured rank of General, inspects a Guard of Honour drawn from the Mines Brigade.

Mrs Smuts, is also at the Fair.

This go ahead Reef Town has collected more for the National War Fund than any other town of its size in the Union.

In the afternoon a team of suicide drivers give a wholesale display of thrills.

Playland does a non-stop business, and the Merry-go-rounds side shows and the Scenic Railway are kept going all the time.

The men from the Mines Brigade try everything that goes - - - - and a couple of things that don't.
