

HAM AND EGGS FROM U.S.A.

Shades of other days! Ham and eggs! Can't you hear ~~them~~
it sizzling and smell it cooking, says he, all tantalizing.

Its one of the largest consignments of food to arrive from America
to date, and consists of thousands of tons of ham and hundreds of
thousands of eggs. Good old Uncle Sam...he's certainly turning
out his larder for us!

There it is, Mr. & Mrs. Audience, ham (spelt H.A.M. in case you've
forgetten). Very soon, if the States keep sending us consignments of
this size we'll be able to have an egg for breakfast once in seven
days instead of once a week!

Heighpho, I remember as a boy, I used to eat those things every morning.
