

Date:

ENTRIES

- 7, V.S. Explosions at wireless station and sheds blowing up. 57
- 8, L.S. Of explosion underground and the blast nearly knocks over the engineer that pushed the detonator. 21
- 9, V.S. The large coal heaps are burning and the colliery is alight and what was once the German coal supply area is now a burning mass. 70

10, V.S. The troops leave and join the evacuees on the troopship who look back at the blazing island. 37

MUTE AND TRACK NEGATIVES

(M.B)

G.P.O. TRAILER

1, V.S. Trailer with a postman explaining what happens when letters are delivered to houses where the occupants have moved or gone away and not left a forwarding address. He asks for anybody who does move to tell the Post Office and their mail won't have to be put into the return letter rack. 120
