ALLIES ACCEPT ATLANTIC CHARTER.

The historic session of the Inter-Allied Conference in ~~St. James's~~ St. James's Palace, at which representatives of eleven nations and the Empire adopt the Atlantic Charter. Mr. Eden presides.

To the Council Chamber comes the echo of those momentous words uttered during the historic August Conference on the high seas - "that all men shall be enabled to live in freedom from fear and want - and that aggressor nations shall be disarmed".
