PARATROOPS IN U.S.A.

Trained Paratroops from their Headquarters at Fort Benning, Georgia participate in "Let's Pretend" warfare in Louisiana. A hundred and twenty seven men bailing out at half second intervals in the biggest mass jump ever made in America.

First thing on landing, the men get ready for action as supply containers filled with equipment and munitions are ripped open.

And on that note we leave sunny Louisiana with its peaceful fields, its honeyed flowers, and its blöoming Paratroops.
