

CHILDREN'S DAY ON BROADWAY.

New York's Gay White Way goes over to the kiddies for one day only.

Its the annual Christmas Parade with all the trimmings, one of the few things without a war-angle these days. This is the first time I've revealed the fact that my mother-in-law is in New York... The Old Dragon.

There are plenty of fatheads about, but the high spot is dear old Santa Clause himself; he'll extract the dollars and dimes from Pop's pocket.

One youngster makes a guess about the last figure in the procession.

He says it is Musso!
