YOUNG BOWLING CHAMP

Before a large crowd of bowling fans, Twinkle Watts does her stuff. She's only six years and weighs only three stone, but she can bowl six times her own weight any day. A pull on the towel like the real champs and down goes another 10½ pound regulation ball. Little Twinkle proves once more it's not strength that counts but skill. Watch this smacker go down. Well after that kiss for luck nothing can go wrong, how these pins do fall for little Twinkle.
