

DAILY GAZETTE 42 - 26. DUBLIN.

WOMEN TRAFFIC COPS.

In Oakland, California, 500 women are sworn in as traffic cops, for a chance to get their own back on those men motorists who are always moaning about women drivers. What a natty uniform. In their conspicuous white capes the women go on duty and they do the job well, all their signals are as plain as they are attractive. Exit bobby, enter Babe.
