SPEED DEMONS.

The Inter-State Motor Speedway is on at Hudson Creek and 50 high powered cars get away to a flying start. They're off! These shots will give you some idea of the terrific speed. Down the straight the speed demons roar as if the devil were after them, there's a thrill of thrills. Pole squatters time the laps as the cars flash past. Speed and more speed is the order of the day. Heading for home like a streak of lightning comes the winner. The flag dips as he crosses the line. He's made it by a few seconds. Well it's been a great race Sherty.
