PANDA SCORES ONE.

It seems kind of queer in this time to know someones having a birthday party, don't it? Percy the panda is the lucky guy one year old today, his pal's just calling in. Percy's the protege of Madan Chiang Kai Shek and a mucky as they come., Just a minute please while Percy sizes things up, that midget has Perce kind of hot and bothered. Bey, life was never like this in Tibet. Say, who's birthday party is this anyway, scream big boy. Looks like Cgina released something that's going to be hard to finish, Percy's on the warpath.
