LIBERTY CAVALCADE

Johannesburg's Blue Lake in its spacious grounds, provides an ideal setting for the Liberty Cavalcade. An ambitious exhibition and entertainment packed with attractions to suit old and young. Prime Minister Smuts arrives to open the Show. You may be sure that South Africa's dearly loved leader will prove the most popular of all. An old friend greets the Field Marshal and congratulates him on his 72nd birthday. At the end of the official ceremony the Prime Minister and Mrs. Smuts are escorted on a special tour through the grounds. The Cavalcade Miniature Express never lacks passengers, and no wonder, the exhibition covers over 180 acres, notwithstanding a record breaking attendance of 50,000 people at this grand enterprise, there's not a bit of overcrowding. As usual, the gold mines provide some very interesting exhibits. There are specially interesting features for the youngsters. Amusements for all. There's plenty to eat and drink. 50,000 al fresco meals are enjoyed in these delightful surroundings and the beautiful South African sunshine. Liberty Cavalcade will long be remembered as a brilliant occasion.
