RECRUITING WOMEN - TRAILER

For three years we have been waging a defensive force, now we are going over ^{to} the offensive. On land, on sea and in the air. Everyman who can fight is needed for fighting and it is up to the women of Britain to take over the non-combatant duties. All three of the women's services are now open to volunteers. Whether you are married or single, if you are between the ages of 17½ and 45, there is a job waiting for you, a job that must be filled. Whatever job you are doing now, if it is not of the most vital necessity, you can be released. You are needed in the A.T.S. in the WRENS in the WAAFS. You are vital to the offensive.
