

**AIR ELITZ IN TUNISIA.**

The start of an American air operation in Tunisia. The chance for U.S. bombing crews to shift a bit of scenery which (according to the map reference) Rommel is using as a hide-out for tanks and lorries. As yet, there is no Society for the prevention of cruelty to Jeeps, Peeps or battle wagons.

Boston light bombers are being employed. The target will be easily identified by the acres of trees growing in an Olive Grove.

Ahd there go the groceries. In a moment you'll see the target with its orderly rows of olive trees, so soon to become a salad of Afrika Corps equipment mixed with plenty of Olive Oil.
