

PATHE GAZETTE: 43/44. (TRAILER)

SALVAGE SAVES SHIPPING

To carry coal is a vain occupation, if Newcastle is the destination. The same with paper, scrap and bones, enough of these are in our homes. If you but search your house or flat, you'll soon find this and this and that. Saucepans make these and bones make that. Do you like your bacon lean or fat. Let's save each bit of scrap we can. We've better use for ships and men.
