(7). TITLE .: - WAREHOUSE COLIAPSES.

Picture :- Mobody knows why this warehouse suddenly came to earth.

One minute it was quite a respectable looking warehouse, and the next, -- a hugo pile of bricks and mortar, presenting quite a jig-saw puzzle to the salvage people.

Eight men were in the building at the time -- but fortunately escaped.

This is how the salvage men set to work to clear up the mess.

It must have been a shock to the neighbours suddenly to find themselves next door to no-one.

(8). TITLE :- PRIZE DAY.

Picture.: - This splendid vessel is a floating college for cadets of the Merchantile Marine - the Prince of Wales is its president.

A distinguished company assembled on the occasion of the visit of the Lord Mayor of London who was accompanied by the Lady Mayoress.

Occasionally cadets of the "Worcester" secure nominations to his Majesty's Navy -- but mainly they become officers of the Merchantile Marine.

Prize giving over, the visitors are taken ashore where the Lord Mayor bids good bye to the officers of the ship as he takes his departure.
