

(5). TITLE.:- AGE OLD FAIR.

Picture. :- It is said that Queen Elizabeth granted the Charter under which this Fair is held each year.

This big gilt key is the symbol of that charter.

Here Mr. Gaston, Chairman of Mitcham Council, receives the key, thus indicating that the Fair is open.

The Chairman then, accompanied by the Key, proceeds to sample the "fun of the fair", as represented by the numerous amusements now opened to the public.

A round-about is the first attraction visited -- Off they go to the screech of the organ.

(MUSIC FOR ABOUT 14 seconds)

And so one of the oldest fairs in the country settles down to a feast of fun.

(6). TITLE.:- ARMADA OF THE AIR.

Picture. :- What a splendid sight it is when large numbers of planes come over, wave after wave.

The commanding officer, Admiral Reeves, who is seen between his seconds-in-command, must be very proud of the perfect formation of these flights as he reviews them.

Take a look at them from an accompanying aeroplane.

As they pass over the glorious Californian countryside one can't help being thrilled.

One hundred and thirty machines take part in this grand parade of the air, which is presented annually by the Pacific Air Squadron.

These nine machines are travelling at a hundred miles an hour -- it doesn't look like it, because, of course the camera is moving with them.
