MAIN TITLE.:- UNIVERSAL TALKING NEWS. etc.

OPEN WITH FANFARE OF TRUMPETS.

COMMENTATOR.:- Hullo everybody !This is the Universal Talking News reporter screen-casting the latest news.

(1). TITLE.:- SHREWSBURY FLORAL FETE.

Picture.:- After having seen the wonderful flowers at this show one might well be disappointed with one's own garden. For my part I simply don't care now if next door's cat does jump on my antirrhinums and coreopsis.

A big crowd was attracted by the variety show presented in the open air.

This fellow has plenty of experience of high living. Try it with your own tables and chairs -- if they're old !

He's got a good balance -- here, if not at the bank.

Having taken your money they then take away your breath, at least that's what these --

trapeze artists are doing. Whoop ! That was a good one. They take some chances.

Watch this one -- a swing and a double somersault --

Oh ! yes, Spring is here alright.

And, of course after the Spring comes the Fall -- quite a "chairful" (ahem!) little episode, bringing us to the parting of the ways.
