TITLE.:- VALUABLE RECORDS DESTROYED.

Picture.:- It is not yet known how this terrible fire started, but it is known, only too well, that hundreds of extremely valuable records have been lost.

As the flames burst through the roof, it is obvious to all that only a miracle can save the building --

--but a miracle doesn't happen and repeatedly the ---

--firemen are beaten back, many being very badly injured.'

One brave but unlucky fellow receives first aid on the spot.

This fire surpasses all others in the history of Washington --

--the damage to the building alone being estimated at a hundred-and-sixty-five-thousand dollars.
