TITLE.:- QUEEN OF THE ADRIATIC.

Picture. :- Unlike America Venice is very, very wet. All its roads are of water -- but that makes it possible for such picturesque scenes as this -- the gondoliers regatta.

Hundreds of gondoliers crowd the Grand Canal for this event --

--which is one of the most popular of the year.

You can't wonder that playwrights and authors often choose this beautiful city as a setting for their works.

It almost inspires me to be lyrical-- but I won't !

No tyre troubles worry the gondoliers -- nor can the Governor check their petrol bills. What a glorious life !

TITLE.:- AMERICA'S CUP.

Picture.:- Here they are ! What a splendid sight they make ! Enterprise has a lead from Shamrock right from the start.

Here's an unusual shot of Shamrock during the race --

--and here's the defender seen from the same angle.

You never saw this before, unless you're a flyer. It's Enterprise, leading --

--Shamrock by nine and a half minutes at this stage of the race.

The challenger rounds the buoy on the last leg. Here she's gaining on Enterprise --

--but although she reduces the lead, she never gets level with the defender, which crosses the winning line more than five minutes ahead of Shamrock. Thus, America keeps the Cup which she has held ever since she took it from us in 1851.

And here's the cause of it all -- it's worth less than fifty pounds ! Think of that !
