(4). TITLE.:- MOUNTED FOOTBALL.

Picture. :- The Scarlet Riders are really mounted scouts. They play this new game as part of their lessons in riding.

The ball is slung on a wire which is stretched the length of the field, from goal to goal.

There's a lot of fun in this game ! It's difficult to control the ball, which keeps slipping away from the players and sliding along the overhead wire. See how it keeps them on the move ! A good whack, and away it goes -- to land, as likely as not, clean on to the fist of one of the opposing side.

It's a great game, and might well become a popular pastime with the hunting fraternity.

The girls are quite expert at it. They smack and bang the ball --

--like good 'uns. Some excitement ! Quite a tussle ! That's the way, girls ! Great stuff ! Keep it up --GOAL !

(5). TITLE.:- A ROYAL GIFT.

Picture. : Princess Juliana is the daughter of Queen Wilhelmina of the --

--Netherlands and her Consort, Prince Henry. She has been studying at the University. To mark the completion of her studies she presents this memorial to the town.

In the presence of a distinguished gathering Her Royal Highness unveils the monument -- a simple but striking tribute to fallen fishermen.

After having placed a laurel wreath at the foot of the memorial, Princess Juliana pauses to chat with two fish-wives, who lost all who were nearest and dearest to them in the Great War.

Her Majesty Queen Wilhelmina and Prince Henry are present. Together, they also lay a tribute at the foot of the monument. A sincere ceremony, marked by extremely appropriate simplicity.
