COMMENTATOR.:- Hullo everybody ! This is the Universal Talking News reporter screen-casting the latest news.

(1).

TITLE.:- BLUE RIBBON OF N.ATLANTIC.

Picture.:- The American schooner gets away a length and a half --

--ahead of Bluenose, and pulls out to three lengths in as many minutes.

After the first few miles they jump into heavy seas and the crews are forced to remember that they are sailors as well as fishermen !

They couldn't very well forget it under these conditions !

The Nova Scotian schooner fights hard for thirty seven miles --

--but the Yankee craft maintains the lead she gained at the start.

The race is over a triangular course of six miles to a leg.

Twice round and up a straight stretch into harbour.

Well done, Thebaud ! She wins by over 15 minutes.
