TITLE.:- TRANS-AMERICAN FLIGHT RECORD.

Picture.:- Mrs Keith Miller did the last 500 miles "hop" of her great flight across America in four hours nine minutes.

A wonderful feat for a woman. She beat the previous best, set up by Miss Laura Ingalls, by three hours 48 minutes !

Well done ! Mrs Miller is an Australian, and has done --
--a lot of flying. She flew from London to Australia in 1927 with Captain Lancaster.

TITLE.:- HOT MONEY.

Picture.:-The first meet of this, one of the oldest hunts in the country, is greeted with musical honours. While this is happening, somewhere behind the scenes,--

--as it were, a kind hearted chef is roasting -- or should it be "frying"(?)--

--a lot of bright new pennies. When they're really nice and hot,--

--in accordance with age-old custom, the Lady Patroness scatters them amongst the youngsters of the town.

Five pounds worth is distributed in this way, and how they scramble for them ! Rugby football is as thrilling as marbles by comparison !

Miss Dorina Neave, daughter of Sir Thomas and Lady Neave, is the distributor on this occasion -- and well she does it !

Some of the youngsters get their fingers trodden on, but what's a smashed finger or two, when the streets are paved with money ? Even if it is hot !
