(2). TITLE.:- CIVIC DIGNITY GETS A RISE.

Picture.:- The Lord Mayor of Manchester and the Mayor of Salford experience a new sensation.

Away they go for a flip in the new three engined six-seater cabin plane.

It will keep going on one engine, reducing chances of forced landing. By way of demonstration --

--one engine is shut off. The passengers don't worry for they can see --

--she's still going in the right direction. UP ! After a short trip --

--she brings her distinguished passengers back, all safe and sound. It is claimed that the plane can land on the roughest ground, and the pilot proves the claim ! She does a little splashing too. However, all is well; We hope --

--gentlemen, that you've thoroughly enjoyed the experience of looking down on your own little bit of Britain.
