

(5).

TITLE:- VARSITY TRIAL EIGHTS.

Picture:- This might almost be considered to be a semi-final of the Boat race, --

--for their next effort will be against Oxford in March.

It's a handicap race over 2½ miles, giving the judges a good opportunity of studying individual oarsmen. "B" crew come away from "A", giving them also the advantage of being able to watch their opponents. This naturally spurred them on to extra efforts. Now they're approaching the winning post with "B" still leading. They had a 3 lengths start. The result proves that this was too generous an allowance, even for a weaker crew.

Nevertheless they did well. It's a chilly morning and they don't want to catch cold. It shows they have brains as well as brawn.
