

(3). TITLE :- FRENCH WEMBLEY.

Picture :- The French Colonial Exhibition will be one of the biggest things of its kind. The whole exhibition is designed on the grand scale, and from these early views it seems certain that it --

--will be even better than our own Wembley was. Beautiful buildings are appearing on all sides; in fact some of them appear to be so fine, that it's a shame to expose them to --

--the awful weather we are getting, and are likely to get, before the exhibition opens next spring.

This is the entrance to the Temple of Anghor, a very effective piece of work, which extends far above the doorway; while the cupola will, without doubt, form a striking landmark, overlooking the entire exhibition when it is completed. Some very--

--pretty ornamental lakes are in course of construction, and will add to the attractiveness of the whole.

It is confidently expected that the Exhibition will attract visitors from all parts of the world.
