(4). TITLE:- STEPPING IT OUT !

Picture:- Away they go on their ten mile jaunt. The winner's amongst that lot, if you could pick him out !

If they really went at this rate, they'd reach Coney Island by about Easter. Jump to it, lads !

They're some of America's best heel and toe artists, and to --

--win this race is no easy task. Come on boys, we're losing you !

They're all moving so fast, you'd think they were glad to leave the city !

The cameraman becomes a low fellow to get this shot !
So it --

--is that Nick Volos comes in to win, in 1 hour 42 minutes, which --

--is not bad time for a ten-and-a-half mile walk. Well done, Nick !
