

TITLE.:- OUR CAMERAMAN.

Picture. No ! oh, dear no ! This is not our cameraman. According to our editor our cameramen are most things - but NOT monkeys !

Joey "shoots" mûster cook ; who seems to be thoroughly enjoying the experience of being on the pictures. Then --

--he"gets"a robot cow ! I wonder if its giving forth tinned milk ! Then --

--baby gets shot. Perhaps she deserves it for teasing the household pets. Then a --

--jazz band attracts Joey. They strum and thump, generally making the air --

--ragged with ragtime. Our cameraman thought the shooting in this case --

--could have been better doge with a Lewis gun ! A --

--snub-nosed favourite next. Thank you ! Will you have another ? No ? Alright !

Now this isn't fair ! I'm sure she didn't want to be filmed in this predicament.
