Picture:- Bob-sleighting is one of the most exciting sports in the world.

*schlittering*

You hop on, and away you go, with a feeling that life's worth living, --

--after all ! ~~Perhaps that's why it's called "slaying" !~~

*slaying is pronounced*

~~slaying~~

*slay-ing!*

The run is about a mile in length, with a fall of --

~~slaying~~

--over two hundred feet. Whoo-ooop ! They're doing forty miles an hour, at least, --

--with more thrills at bends.

Come for a run down ! All aboard, and away we go ! Now we --

--slow down to show you what it's like. You probably wouldn't see anything, otherwise. It's certainly great --

--fun hurtling down the Run like this.

It's not always smooth, either. After a snow-fall, this is what you get ! A shaking up,- but very exciting !

Yes, my brothers, it's a great life, if you don't weaken !

ICE HOCKEY. (CONTINUED FROM OVERLEAF).

Picture.:- The English team looks fit to put up a good scrap for the old country, --

--against Switzerland, as represented by St. Moritz. They look a pretty good team, too !

The "bully-off", and the match is on ! Ice-hockey is generally reckoned to be the fastest game in the world. Here's a fine example of a dashing game, --

--with England running the Swiss team off its feet, most of the time. A thrilling -----

--GOAL ! That's a good one, for England; and a surprise for St.--

--Moritz. The Swiss team recover from the shock, and "come back" hard, but it's of little avail, for --

--the Britishers are warmed up, and lead their opponents a pretty dance, and ----

--GOAL ! That's yet another for England. So they pile them up, until, --

--well, here's how they beat them ! Great stuff, boys !
