

(1). TITLE.:- THIS LITTLE PIG -

Picture.:- The old nursery rhyme actually comes true -- for this little pig is really going to market.

Mary's little lamb followed her about, as you know ---
So, John's little porker follows --

--him! Traffic laws don't worry Joker, he just follows "the governor", and knows he won't be far wrong. At the shops the little snorter --

--doesn't much like being left; but he waits patiently until his master --

--comes back. And what do you think he's bought? BACON!
Joker loves --

--these outings for he gets rewarded for being a good pig.
So, --

--with his little waggon, he sets out for home - a pig bringing home the bacon!
