(7). TITLE.:- MISS ENGLAND.

Picture.:- Kaye Don, seen between his two mechanics, Wilcox and Gardner, --

--is determined to gain the world's water speed record. ...

For safety's sake they drag the waters of the Lough for driftwood before Miss England starts off.

Here she is, with her plucky crew, going out under tow... And --

--now she's off ! ... As Kaye Don "opens her out" ugly flames shoot up, and away she goes with an ear-splitting roar!

She's doing over the hundred now ! ... Throwing up great clouds of spray as she puts up a really --

--wonderful performance ! ... Here she comes ! Whoo-ooop ! Great stuff ! Too bad it's not an officially timed effort !

Kaye Don says "Miss England's wonderful" - and England says "So is Kaye Don".
